

Bonneville Elementary

1145 South 1900 East

Bonneville.Schools.org T: (801) 584-2913

Greetings Bonneville Family and Friends,

I want to thank each of you for your patience and understanding this past month. Although we have been communicating information as it becomes available, I know that you have been waiting anxiously for information from us so that you can finalize your plans. Please know that our goal is to communicate accurate information to families as soon as it becomes available.

Please reach out to me at any time!

Wayne Culley

The Principal of Bonneville Elementary

Email: Wayne.Culley@SLCSchools.org

Phone: 801) 584-2913 (1600)

8:45 - 9:45	Last names beginning with	Q-Z
9:45 - 10:45	Last names beginning with	L-P

Upcoming Events

October 14th

No ZOOM Meeting Tonight!

October 19-23

SEPs

October 28th

Picture Day!

Where do you find info on COVID?

District Metrics to Return to School

1. **COVID positive test rate of 5% or less in Salt Lake County**
2. **Fewer than 10 new COVID cases per 100,000 residents of Salt Lake County.**

Websites to track metrics:

1. https://covidactnow.org/us/ut/county/salt_lake_county/?s=909180

2. <https://slco.org/health/COVID-19/data/>

COVID-19 School Manual

https://coronavirus-download.utah.gov/School/COVID-19_School_Manual_FINAL.pdf

10:45 - 11:45 Last names beginning with **E-K**
11:45 - 12:45 Last names beginning with **A-D**

- Student Masks- The intent of Inter-State Studios is to photograph all students without a mask. Students will be asked by a volunteer to remove their mask when it's their turn to be photographed. Inter-State photographers cannot require a student to remove their mask so please be sure that you have talked with your student about your wishes (mask or no-mask) prior to your arrival. If a student prefers, they will be photographed with their mask on.
- Social Distancing-The distance between the camera and a student is over 6 feet.
- Tape will be used to mark 6 feet apart for the student lines.
- Photographers are required to wear face coverings.
- Sanitation of Photo Equipment-Cameras, equipment and stools will be sanitized between each group.
- No-touch Ordering Link <https://inter-state.com/FlyerEntry/50711D> - We are working to be 100% paperless this year, with all ordering done safely online.

SEPs:

SEPs will be the week of October 19th - 23rd. Wednesday will be an asynchronous day with no small groups or intervention that day. Thursday will be a half day until your class lunch and then it will be asynchronous for one hour. Friday will be a normal day. Your student's classroom teacher will reach out to you for signups.

Wednesday Zoom Meeting with the Principal:

Canceled for October 14th

Virtual Book Fair:

Hi Bonneville Community!

We are so excited to be having an online book fair fundraiser! Our usual book fair company, The Story Cupboard, has created an online book fair, with the same high-quality books and activities we have so enjoyed and relied on for many years. If you are getting books or holiday gifts, please consider supporting this local book fair company through our school book fair fundraiser. The Story Cupboard, a local independent book fair company since 1994, is hoping to return to an in-person book fair when possible. There are over 1800 titles to satisfy readers, artists, and scientists of all ages. There are great books, experiments, and activities to enjoy. Kids can make wish lists to share with the adults in their lives or to remember what they would like to get from the book fair. The Story Cupboard has titles across many genres, popular series, award winners, Beehive Book Award Nominees, and Battle Books. The book fair from The Story Cupboard is a wonderful opportunity to support getting new books for our library and teachers, while also supporting a local business!

Our book fair dates are indicated below. However, you can begin previewing now. Your order will be available for pick up at the school about 5 days after the book fair ends. If you would like to receive books before our book fair, select 'ship' as your delivery method and your order can be delivered to your home.

Teacher wish lists will soon be provided on our school website if you would like to donate a book to the classroom.

Here is what you need to get started:

Book Fair Dates: October 16th through October 25th

Link: www.storycupboard.com

Bonneville Elementary Fundraiser Code: bonneville2020fall

**This code must go in the "Discount Code" box at checkout for our school to receive credit towards our fundraiser.

**Also, at checkout, in the "Company" field, please put Bonneville so the orders can be sorted correctly.

Thanks for supporting Bonneville's library!

Message from Superintendent Madden:

Dear families,

On Tuesday, we had one of our longest Board meetings in a while. Our Board and district leaders spent a lot of time reviewing the feedback you gave us via our online survey, looking at the latest data from the Salt Lake County Health Department, and weighing our options for how to provide the best possible education for our students right now.

After meeting with the county health department and learning more about COVID-19 cases in other schools, learning from other school districts in the county, and examining conditions in Salt Lake City, I

made a recommendation to the Board to allow for more flexibility in our in-person learning opportunities during the remote learning period.

As needed, some small groups of Special Education students and English Language Learners have been able to attend in-person sessions with their teachers this fall. We are extending that flexibility to schools as they look at other targeted populations, including some of our youngest learners (pre-K through 2nd grade) and high school seniors at risk of not graduating. Please check with your student's principal for information related to in-person small group instruction.

I also shared with the Board a little bit about the Utah Health and Economic Recovery Outreach (HERO) project. I've been meeting with representatives from the university to discuss testing options for our schools. If we can work with this project to amplify testing opportunities for students and school employees, we may be able to safely return to in-person learning sooner.

I will keep you in the loop as I learn new information that might impact our learning plans in the Salt Lake City School District. Please read the information below for some important updates.

DISTRICT HOTLINE

Our Family Resource Hotline is open and ready to help. District families in need of resources can call 801-301-6476 to ask for help. The hotline will operate Monday-Friday from 8 a.m.-5 p.m. A voicemail inbox will be available during off-hours and will be monitored throughout the weekend.

The hotline will provide support to families needing help with homework, student tech/devices, emergency food resources, and other basic needs. Families can also arrange emergency food deliveries if they are unable to make it to our food distribution sites. If we cannot directly provide assistance, we will do our best to connect families to community resources that can help.

Help is available in English and Spanish. We can provide support via interpreters in other languages, as needed.

ELP APPLICATIONS DUE

If your student is currently in grades 1-7 and you are interested in enrolling them in our Extended Learning Program (ELP) for the 2021-22 school year, applications are due by 5 p.m. on Wednesday, October 14, 2020. Assessments will begin in November.

Extended Learning Program (ELP) services are provided to meet the needs of identified gifted/talented and high ability students. These services offer students the opportunity to engage in learning with greater depth, complexity, and rigor through differentiated curriculum and instruction. More information is available on [our website](#).

[The application is also available on our website.](#)

FALL RECESS

A quick reminder that Fall Recess is next week, and we will not have classes on Thursday, October 15 or Friday, October 16.

INTERNET ACCESS

We realize access to the Internet is essential and that many of our families struggle with getting adequate access for their students' remote learning. To help alleviate this, we have ordered and received an additional 800 Internet hotspots, which can be loaned out to families during the remote learning period. The Salt Lake Education Foundation has also created a partnership with Comcast to provide broadband Internet service at no cost to families in need. These services are available by requesting help from your school.

If your family needs help with Internet access, please contact your school's principal, and they will refer you to the proper district contact.

KIDS CAFE DINNERS

We've partnered with the Utah Food Bank to provide a Kids Café Dinner at select schools, in conjunction with our regular "Grab and Go" meal service program on Tuesdays and Wednesdays.

In addition to receiving breakfast and lunch, at nine designated school sites, children ages 0 to 18 may now also receive food for dinner on Tuesdays and Wednesdays between 10:30 am and 12:30 pm. Each child will receive enough food/groceries to provide dinner for five days.

This FREE program is open to ALL children ages 0 to 18. School enrollment or free/reduced lunch status are not required. Kids Café dinners will be provided on Tuesdays and Wednesdays at the following schools:

Tuesdays

- Bennion Elementary
- Mary W. Jackson Elementary
- Meadowlark Elementary
- North Star Elementary
- Parkview Elementary

Wednesdays

- Edison Elementary
- Glendale Middle School
- Liberty Elementary
- Rose Park Elementary

STIMULUS CHECK ENROLLMENT ASSISTANCE

There are approximately 70,000 people in Utah who are eligible for a stimulus check but haven't claimed one. Families and individuals may be eligible even if they didn't complete 2019 taxes.

Next week, Tax Help Utah, in partnership with Utahns Against Hunger, Salt Lake City, and the Salt Lake County Mayor's Office for New Americans are providing enrollment assistance October 12-14th from 2-6pm at Library Square 210 E 400 S (in the old KCPW office). A future Saturday date is currently being planned. (Please note that face masks will be required.)

November 21 is the deadline to request your stimulus check, but the sooner you apply, the faster you will receive that money.

SURVEY RESULTS

Thank you to those of you who responded to our survey last week. We heard back from the parents of nearly half of the students in our district. The survey was sent to parents via email in both English and Spanish.

The feedback from the survey has already been incredibly helpful. Our goal is to return students to in-person learning as soon as we can safely do so, but for now, we want to make sure we optimize the remote learning experience as much as possible. Below are some of the things we learned from your responses:

- 72% of parents felt that remote learning is manageable for their child.
- 99% of parents indicated they have access to Internet at home. This percentage was the same across the East, Highland, and West networks.
- 98% of parents in the East and Highland networks and 97% of parents in the West networks indicated their student has access to a computer or tablet to use for remote learning.
- By November 10, if COVID-19 numbers stay close to what they are right now, 54% of parents would prefer to continue with remote learning.
- 31% of parents indicated they would prefer for their student to return to in-person learning regardless of COVID-19 numbers.
- 18% of parents would opt to keep their child in remote learning, even if the district as a whole is able to return in person.
- 64% of parents felt safe with their student participating in socially distanced, in-person, small group instruction at their school.

[You can view the full survey results on our website.](#)

What this survey tells us is that remote learning, while not a perfect solution for every family, is working for most families in our district. We have heard from many of you about the desire for more flexibility and hope that expanding small group work as described at the beginning of this email will help meet some of the needs our families have communicated to us.

Thank you again to all who participated. We will have additional opportunities for families to provide input, but I want to remind you that you can always reach out to me or to your School Board member directly. [You can find contact information for our seven Board members on our website.](#)

Sincerely,

Larry Madden
Interim Superintendent
Salt Lake City School District

COVID-19 Parent Symptom Guide

Should your student come to school today?

Children who are sick should not go to school. **Parents are being asked to check their students for symptoms of Covid-19 every day before sending their student to school.** This quick assessment can help parents determine if their student should attend school or stay home and follow up with a healthcare professional.

Symptoms	
Does your child have any of these symptoms?	
<ul style="list-style-type: none"> • Fever or temperature of 100.4° F (38° C) or higher. If you do not have a thermometer, check your child’s skin to see if it feels warm or is red, or ask if they have chills or are sweaty. • Cough – If your child normally has a cough because of allergies or asthma, is this cough different than normal? • Shortness of breath • Muscle aches or pains not explained by exercise or activity • Decrease in sense of smell or taste • New runny nose • Sore throat • Nausea or vomiting • Diarrhea 	
<p>Yes, my child has at least one of those symptoms</p>	<p>No, my child is sick, but does not have any of the symptoms listed above.</p>
<p>Your child should isolate at home, and not go to school until they have seen a healthcare provider.</p> <p>Your child may need to get tested for COVID-19.</p> <p>Students may return to school when:</p> <ul style="list-style-type: none"> • At least 10 days has passed since the first symptom appeared, symptoms have improved, and there has been no fever for at least 24 hours without the use of fever reducing medication. OR • Students have a note from a healthcare professional containing another diagnosis. OR • Students have a negative COVID-19 test. 	<p>Keep children home until they have been symptom free for 24 hours. See a doctor right away, if your child does not seem to be getting better or is getting worse.</p> <p>Salt Lake County Health Department COVID-19 information. https://slco.org/health/COVID-19/ https://coronavirus.utah.gov/utah-covid-19-testing-locations/</p> <p>Community Learning Centers with IHC Clinics https://www.slcschools.org/schools/community-learning-centers/</p>
